netarchive.dk

Future development NetarchiveSuite

Planned development in NetarchiveSuite

netarchive.dk

Outline

- Infrastructure
- Harvester module
- Archive module
- Viewerproxy module
- Monitor module
- Miscellanous

Infrastructure

- Open buglist
- Patch instructions and policies
- Finishing/updating manuals

netarchive.dk

Harvester module

- ☐ Better Heritrix integration
- ☐ More pluggable/customized scheduling workflow
- ☐ More pluggable/customized harvesting workflow
- ☐ Support for password protected material

netarchive.dk

Archive module

- Much enhanced bit preservation system
- Enhanced security model
- Supporting pluggable batch jobs

netarchive.dk

Viewerproxy module

- ☐ Better support for end-user access
- ☐ NutchWAX support

Monitor module

- Better support for adding/removing applications (extra harvesters/bitarchives) on-the-fly

Miscellaneous

- ☐ Better RemoteFile alternatives
- ☐ Several minor bugfixes
